It is easily applied does not roll in the least—has no disagreeable odor, increases the growth of hair, prevents it falling off, and often cures the headache. I forward you this certificate unsolicited, because I think an article that will do what your Hair Regenerator will, should be widely known. MESSRS. HENRY P. WILSON & Co.: I have no hesitancy

in saying, in my opinion, Mrs. Wilson's Hair Regenera-tor and Hair Dressing are the best bair preparations now in use. I shall continue to use them with pleasure. Rev. II. H. HARTWELL, Lawrence, Mass.

Massas, Hangy P. Wilson & Co.: I have used your Huir Regenerator and Hair Dressing, and have received great benefit from them. I doen the articles worthy of high commendation, and cheerfully recommend them to all who want to restore gray hair to its original color, or to any who are troubled with dandruff, or a disagreeable itching of the head, or humors, or to those whose hair is falling from the head.

Rsv. G. W. H. CLARK, Great Falls, N. H.

Massas, Henar P. Witson & Co.; I deem Mrs. Wilson's Hair Regenerator and Hair Dressing the standard articles of all hair preparations. I have, in many instances, known them to restore the hair where it had fallen off, remove dandruff, restore the hair to its original color, cure entirely the most painful headaches—and in some instances most serious humors. Personally, I have been a sharer in several of these benefits. REV. HENRY HILL, Manchester, N. H.

MRS. WILSON'S COCOA-NUT OIL HAIR DRESSING

Mrs. Wilson's Hair Dressing is put up in large bottles, and retails for 37 cts. per bottle, and for dressing the hair of any person, young or old, there is not its equal in the world. It will make the hair everything you wish it to be, and moreover, it has a perfume that is infinitely superior to any of the fushionable extracts, either foreign or American, which alone should entitle it to a place on every lady's toilet table.

Use the Regenerator before retiring at night, and in the morning apply a little of the Dressing, and your hair will be even more lifelike in color and beauty.

Use nothing on your hair but these preparations, and use these according to directions, and we warrant you a good healthy head of hair.

THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR

Restoring THE BALD AND GRAY

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. W.cod's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath. Maine, April 18th 1859.

Prof O. J. Wood & Co. Gents: The letter 1 wrote you in 1856. concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third does my hair still continues to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sail of various compounds as well as this, it has no doubt been basely imitated and been used, not only without any good but to absolute injury. I have not used any of """ Restorative of any account for some months, and early hair in my head or on my face; and to prove this fact, I send you a lock of my hair, taken off the hact, I send you a lock of my hair, taken off the

ined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact. I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles last Summer for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skepticle until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover traud in the Restorative sold by many. I fear without authority from you. A pure article will insure success and I believe where good effects, do not follow the failure is caused by the impure article which curses the in-

to keep you apprised of contanged flect on my hair, as
I assure all who enquire of my unshaken opinion of its
valuable results. I remain, dear sir, yours.

A. C. RAYMOND.

Aarons. Run Ky., Nov. 30 1858

Prof. O. J. Wood: Dear sir.—I would certainly be
doing you a great it justice not to make known to the
world, the wonderful, as well as the unexpected result
I have experienced from using one bottle of your Hair
Re-torative. After using every kind of Restoratives extant, but without success, and finding my head nearly
of tute of hair. I was finally induced to try a bottle of
your Hair Restorative. Now candor and justice compel
me to announce to whoever may read this, that I now
possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was
I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessisy of it.

Respectfully yours, REV. S. ALLEN BROCK.
P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited:—but if you wish; it not destroy and say nothing.

Yours, &c., Rev. S. A.B.

The Restorative is put up in bottles of three sizes, viz large medicin, and small; the small holds if a pint and retails for one dollar per bottle; the mediums held at least twenty per cent, more in proportion than the small retails for two dollars per bottle; the large holds a quart.40 per cent, more in proportion and retails for Sia bottle. THEY contain all the improvements which are in all the first class stoves, and the advantages and improvements over other stoves are in part as follows:

1st. The arrangement for broiling on the front hearth,—an improvement overlooked in other first class stoves. It has also the same arrangement for broiling on top.

2st. A thorough vectilation of the Oven.

3st. Introducing hot air draught to the fire chamber, thereby increasing the draught of the Stove, quickening its operations, and enabling it to throw out more heat—a matter much and justly complained of in other Stoves.

4th. An important improvement in the application of the damper, which throws the heat around the oven.

5th. Much greater weight, consequently heavier plates, and more durable as well as handsomer castings.

6th. A draft damper at each end of the fire box, so that the fire is equalized, and one gridle will heat as quick as the other, also heating the even in half the time.
